And today's financial tip:

Who is an underwriter?

An underwriter is an institution that guarantees the proceeds from the sale of a security to an issuer, in other words the underwriter takes ownership of the issue. As the new owner of the issue, the underwriter then resells the issue to investors. For example a Government may wish to issue a bond and employ an Investment Bank or a broker dealer to guarantee the bond issue. Underwriters are usually investment banks.
